

## Legerski selected for PFCMOD deputy director of Operations Monitoring, Western Region

**K**irstie Legerski has been selected as deputy director of Operations Monitoring, Western Region, for the Private Facility Contract Monitoring/Oversight Division where she will oversee and monitor contracts for privately operated and community-based facilities. PFCMOD helps ensure these facilities are kept up to agency standards through quality management, efficient monitoring and effective communication between TDCJ and its contracted representatives.

Kirstie Legerski

Legerski began her TDCJ career in 1994 as a CAD operator and modular furniture space planner for Texas Correctional Industries. After earning her Bachelor of Arts in Interior Design from Sam Houston State University, she continued work as an industrial specialist and planning assistant, then moved to the Manufacturing and Logistics Division as a program administrator and technical writer. Most recently, Kirstie served as deputy director for the Manufacturing, Agribusiness and Logistics Division's Programs section. ▲
